Fact Sheet – 31.03.2026

This is a marketing material. Please refer to the M/F Prospectus and to the Key Information Document before making any final investment decision.

Investment Objective

The Fund has a targeted maturity of 5 years, after which it is liquidated, and the money is credited to the unitholders. Its objective is to achieve a return in a 5-year horizon, from income and capital appreciation, mainly through investments in a diversified portfolio of Euro-denominated bonds.

Investment Policy

The Fund invests its assets mainly in government and corporate bonds that are traded both in domestic and regulated foreign markets with an average maturity of approximately 5 years. The **Fund's** strategy is active and is based on a certain selection of bonds to be held in the portfolio until maturity. In the event that bonds mature during the 5-year period, they will be replaced either with other bonds or with money market instruments.

Dividend Policy

The Fund will distribute an annual dividend to its unitholders in the form of cash. For the year 2026, the estimated dividend is expected to be 2,00%.

Investor Profile

The Fund is mainly suitable for investors with a 5-year horizon who expect income from a diversified bond portfolio consisting mainly of Euro-denominated bonds and are willing to accept a corresponding level of investment risk.
