

PAST PERFORMANCES

Past performance is not a reliable indicator of future performance. Markets could develop very differently in the future. It can help you to assess how the fund has been managed in the past. This chart shows the fund's performance as the percentage loss or gain per year over the last 2 years.

- Performance is shown after deduction of ongoing charges. Any entry and exit charges are excluded from the calculation.
- The chart shows the Investment Product's annual performance in EUR for each calendar year over the period 2024-2025. This Investment Product was launched on 12/06/2023.
- The Fund's performance shown in the chart is calculated on the net asset value and on the basis that any distributable income has been reinvested.
- Dividend Policy: All or part of the profits and income of the M/F are distributed in the form of a dividend.
For the year 2023, the M/F distributed an annualized dividend of 2,80%, i.e. €0.1442 per unit.
