**Investment Objective**

The Fund aims to achieve a return based on its investment policy, over the long term, mainly derived from capital appreciation, through investments in UCITS or other collective investment undertakings, which invest their assets mainly in equities.

**Investment Policy**

In order to achieve its investment objective, the Fund intends to invest at least 65% of its net asset value, on average quarterly, in units or shares of equity UCITS or other equity collective investment undertakings (CIU). Additionally, the Fund may invest in units or shares of other UCITS or collective investment undertakings other than equity, as well as in transferable securities traded on the major international capital markets (bonds, stocks, etc.) both in the main currencies, such as the euro and the dollar and in local currencies. The Fund aims to make the best possible use of its cash by investing it in interest-bearing investments in the form of fixed-term deposits and other related money market instruments. In the context of leveraging and/or hedging assets of the portfolio, the Fund may take long or short positions in derivative instruments, mainly on stock exchange indices or equities. The Fund is actively managed.

**Investor Profile**

The Fund mainly targets long-term investors seeking capital appreciation through an internationally diversified portfolio of units of equity mutual funds and willing to take a high level of investment risk.
